High Point Market Wrap-Up

The Final Touch, a trade-only designer's resource center in Syosset, held their High Point Wrap-Up party in cooperation with Designer Rugs and Carpet by Peykar. The Final Touch also unveiled their newly expanded space, adding an additional 1500 square feet.

After each High Point market, Melissa Fenigstein, president of Final Touch, reveals what is new in the industry, what her new favorite vendors and lines

are and where she sees the market headed. This information is invaluable to those designers who were unable to attend market. Fenigstein also educates about the new offerings in the industry and what vendors will be new to her already extensive line available to designers through Final Touch.

As an additional bonus, Toni Germie from Benjamin Moore presents the always highly anticipated Color-of-the-Year!

Benjamin Moore Color Trends 2019
